

Tennessee School Boards Association

The template below is a suggestion of the various types of data your district should gather when telling its story. Once completed, this can be used in annual reports; posted to your website; shared in newsletters; kept on hand when the media or public call; shared with employees, parents and students to build national, statewide and local support at awareness of Tennessee's efforts to increase the awareness of the importance of local control of public schools.

Our School District's Story *(Insert School District name and logo here)*

Message from the Superintendent

Message from the School Board Chairman

A Profile of the Class of (Year) Students
